

AFFILIATE & MEDIA PARTNER KIT

AISQ Growth

Earn \$200 per sale by recommending the done-for-you AI marketing system your audience actually wants.

\$200 USD

one-time commission per sale

A better offer for readers who want marketing results — not another dashboard to manage.

Your audience is tired of “more tools.”

Most AI marketing content sells complexity to people who are already overwhelmed.

They do not want another UI. They want the marketing handled.

What DIY tool recommendations force readers to do:

- Learn new software
- Connect multiple accounts
- Plan campaigns
- Create content
- Publish consistently
- Track and optimize

When the promise feels like more work, conversions quietly disappear.

The conversion gap inside your existing content

Every article, newsletter, and funnel has readers who will N O T buy a DIY SaaS tool.

DIY tool buyers

“I want to use tools myself.”

CURRENT REVENUE

Some readers click affiliate links.

But many leave because the path still feels like work.

Hands-off buyers

“I want someone to run it for me.”

AISQ Growth lets you monetize the second group — the one most tool listicles currently lose.

AISQ Growth: the offer affiliates can sell everywhere

A complete AI-powered marketing setup, operated by the team that builds the system.

Not another marketing tool. A managed execution system.

- Setup handled for the client
- Content created and published
- SEO work activated
- Social distribution connected
- Email marketing infrastructure configured
- Ongoing execution by AISQ team

**The business owner stays hands-off —
no complex dashboards, no learning
curve, no “figure it out yourself.”**

Why this is a strong affiliate offer

It adds a premium “done-for-you” option to traffic you already influence.

- Good for founders and small business owners
- Great for readers who want execution, not software
- Turns “too complicated” into “wait, this brings me results already!”
